

Budi Santoso

budi.santoso@gmail.com

Education

Universitas Indonesia, Computer Science, 2024

Work Experience

Junior Developer at Startup ABC (2024 - now)

Responsible for helping the team build features. I worked on the backend and frontend. I was involved in code reviews and daily standups. Duties included fixing bugs when they came up and participating in sprint planning. I helped the senior devs with their tasks and was tasked with research for new tools.

Intern at Company XYZ (Summer 2023)

Assisted the engineering team. Helped with testing.

Skills

Hard worker, fast learner, team player, MS Office, passionate, problem solving, good communication, Git

Languages

Indonesian (native), English (basic)
