About Me

I am a passionate product manager who loves working with cross-functional teams and solving complex problems. I bring strong communication skills, empathy, and a collaborative spirit to every project.

Work Experience

Product Manager — Logitech Indonesia (2020 – 2023)

Worked on various products. Collaborated with design, engineering, and marketing teams. Facilitated workshops and sprint planning. Helped the team align on priorities. Wrote product requirement documents and presented to stakeholders. Participated in customer interviews and synthesized insights. Contributed to the team's OKR process.

Associate PM — Samsung R&D; (2018 – 2020)

Helped the team with product work and analysis.

Skills

Communication, leadership, teamwork, problem-solving, adaptability, time management, presentation
